Professor Joop Laven will deliver the Bruno Lunenfeld Honorary Lecture on "Interrogation of Big (Genetic) Data and How It Changes Reproductive Medicine."

This will be accompanied by seven keynote lectures on various contemporary topics, presented by outstanding experts in their respective fields. Additionally, there will be many more stimulating lectures in the pre-congress courses, concurrent sessions, how-to sessions, and lively debates.

The theme of our congress is "Teaming Together: ASPIRE-Ing to Excellence," reflecting our belief that successful team building is crucial for progress and delivering an ever better standard of care.
